Why organise training?

- Training encourages and refreshes experienced workers.
- Training gives opportunities for less experienced workers to gain ideas and develop their gifts.
- Whatever role you have within your church youth group, training will help you to be a more effective witness amongst young people.
- Your church as a whole will benefit from having a better qualified team leading the youth work.

Why Teach Ministries UK?

- Teach Ministries UK is passionate about the need to reach out to children and young people in a relevant way and is committed to organising training to help you be more useful in your church.
- Our tailor made training helps to recognise the uniqueness of each situation. We realise every town, city and village is different, every church is different, and therefore training needs to be unique to your individual situation.

How does this work?

- You organise for a group of local churches to get together. (If you prefer to have just your church, that's fine.)
- Organise the venue.
- Decide what topics you want to be covered.
- Contact us.

We do the rest!

How much does it cost?

- 0-10 people is £150 for the day
- Each additional person is £5 each
- In addition mileage to your venue from Hereford (HR1) at the Inland Revenue recommended rate (currently 45p per mile)
- If you would like to further support the work by making an additional donation this would be gratefully received

Payments need to be made by BACS (details on request) or Cheque (payable to T Jones)

Who is the trainer?

Tirzah Jones, is experienced in both Youth and Children's Work. Tirzah grew up in a Christian home and has been involved in children's and youth work most of her life. She has worked in both a voluntary capacity and as a full time paid worker. Her experience includes 'Third Culture Kids' work with missionary children from many countries, involvement in on-the-field mission training, and UK church work in rural and town settings. Tirzah has a degree in theological studies from the Evangelical Theological College of Wales and a Post Graduate Certificate in English Language Teaching to Adults. She has authored a number of books for children's and youth workers.
